

Rocket® Craft™ Suction Pumps

The **Rocket® Craft™ Suction Pump** and the **Rocket® DUO-VAC™ Suction Pump** have been developed to provide smooth, low volume vacuum at pre-determined negative pressures, so allowing simple, low turbulence, oocyte recovery.

- ✓ **HIGHLY RELIABLE:** Rocket® Craft™ Suction Pumps have a proven 20 year history of long service, low maintenance and excellent value.
- ✓ **TWO VERSIONS:** Craft™ Suction Pump with manual high vacuum control and DUO VAC™ with foot controlled high vacuum to meet your individual needs.
- ✓ **SIMPLY, SAFE OPERATION** with air-operated foot controls
- ✓ **SUPER QUIET** pumps make the Rocket® Craft™ range very easy to live within the operating room.
- ✓ **FULLY VARIABLE VACUUM** from 0-400mmHg for complete control during aspiration.
- ✓ **REUSABLE WATER TRAP SET** prevents accidental aspiration of fluids into the vacuum unit.
- ✓ **SINGLE USE WATER TRAP SET** provides cost effective solution to tiresome reprocessing of reusable traps and tubing.
